- Masai School provides skill-based program students work on real-world projects and practical assignments throughout the program, gaining hands-on experience that mirrors the challenges of the tech industry.

B.Pharmacy

Indore Institute of Pharmacy

05/2018 - 06/2022

8.2 CGPA

Senior Secondary Examination- Class XII

New Pithampur Public Senior Seconadry School

06/2017 - 04/2018

82%

Secondary Examination - Class X

New Pithampur Public Senior Seconadry School

06/2015 - 04/2016

84..5%

PERSONAL PROJECTS

Youtube Clone

- I created a YouTube clone all by myself. To build it, I used Next.js, which is a tool for making websites, TypeScript for safety, and Tailwind CSS for making it look good and work well
- **Tech Stack** - Next JS ,Tailwind,TypeScript,Java Scrit

Ecotourism Project

- In our collaborative project, I took charge of developing the Destination page for our Ecotourism website. This involved crafting distinct templates for various locations, each adorned with an appealing carousel displaying exclusive offers. Each template seamlessly linked to detailed package pages, allowing users to easily explore and book their preferred destinations.
- **Tech Stack** - React ,Chakra Ui,Java Scrit ,Render

Haan Project

- As part of this group project, my role was to create the Payment page for Haan. I integrated Razorpay for secure payments and designed a user details form to collect necessary information. Additionally, I implemented a side cart feature, allowing users to view the items they intend to purchase. My contribution ensured a smooth and convenient shopping experience for our users.
- **Tech Stack** - React , Chakra Ui, Java Scrit , Razor Pay

SKILLS

Next.js

React.js

Node.js
